

## BRANDON DOZA | Front-End Software Developer

[brandonjamesdoza@gmail.com](mailto:brandonjamesdoza@gmail.com) | (970)389-2278 | [LinkedIn](#) | [Github](#) | [Personal Website](#)

### SUMMARY

---

Front-End Software Developer with a strong background in building engaging and accessible web applications. Proven ability to collaborate effectively in team settings and deliver projects from concept to production. Passionate about leveraging technical skills to solve real-world problems.

### TECHNICAL SKILLS

---

**Languages/Frameworks:** JavaScript, HTML, CSS, React, TypeScript, Express, Redux, Framer Motion

**Testing:** Test Driven Development utilizing Cypress, Mocha, Chai

**Tools/Workflow:** VS Code, GitHub, Create React App, Vite, Chrome Dev Tools, Lighthouse, Figma, Accessibility Best Practices

### SOFTWARE DEVELOPMENT EXPERIENCE

---

**Ludole | An engaging web app challenging users' video game knowledge, inspired by Wordle**

[Github](#)

- Implemented a backend server using Express and PostgreSQL to support the application.
- Utilized Cypress for end-to-end testing to ensure a seamless user experience.
- Collaborated with a team of 4 developers using React and Vite to meet MVP criteria and integrate new features.

**Find My MTB | A dynamic app for mountain bikers to find and save bikes based on skill level and terrain**

[Github](#) | [LIVE SITE](#)

- Developed a backend API with Express to handle GET, POST, and PATCH requests, ensuring data integrity and reliability.
- Leveraged React and React Router for efficient navigation and a smooth user experience.
- Utilized Cypress for comprehensive testing and independently drove the project from concept to production, designing intuitive interfaces with Figma.

**Whats Cookin' | A user-friendly app for discovering and exploring a wide range of delicious recipes**

[Github](#)

- Integrated data from an external API using Fetch to provide a wide range of recipes.
- Ensured accessibility using Lighthouse, Wave, and Dalton tools.
- Collaborated with a team of 3 developers using fundamental JavaScript, Mocha, and Chai to design and develop the application, focusing on user-friendliness.

### OTHER EXPERIENCE

---

**Fairway Independent Mortgage**, Loan Officer, Denver, CO

04/2019 - 08/2023

- Managed a portfolio of \$16 million in annual business, ensuring compliance with government regulations and fair lending practices.
- Enhanced customer experience through proactive communication and personalized support, resulting in increased client satisfaction and retention.

**Siren INC, DBA Motherloaded Tavern**, Operations Manager, Breckenridge, CO

02/2007 - 04/2019

- Led a dynamic team to consistently exceed revenue targets and ensure high employee satisfaction.
- Strategically managed operations to deliver exceptional guest service and achieve repeat customer rates.

### EDUCATION AND RELEVANT CERTIFICATIONS

---

**Turing School of Software and Design**, Denver, CO

11/2023 - 08/2024

Learned Computer Science Principles - Accredited Frontend Software Engineering Certificate

**Lansing Community College**, Lansing, MI

Associates of Applied Science - Photography/Web Design
