**Tools/Workflow:** VS Code, GitHub, Create React App, Vite, Chrome Dev Tools, Lighthouse, Figma, Accessibility Best Practices

## PROJECTS

---

**Ludole**, Team Project | 30 hours | <https://github.com/BrandonDoza/ludole>

**Technologies Used:** React, Javascript, HTML, CSS, Express, Knex, Cypress, Vite, PostgreSQL

- Developed an engaging web app challenging users' video game knowledge, inspired by Wordle.
- Implemented a backend server and database to support the application.
- Collaborated with a team to meet MVP criteria, ensuring a seamless user experience.

**Find My MTB**, Solo Project | 40 hours | <https://github.com/BrandonDoza/find-my-mtb>

**Technologies Used:** React, React Router, Javascript, HTML, CSS, Cypress, Express

- Created an application for mountain biking enthusiasts to find, add, and save bikes based on skill level and terrain.
- Developed and managed a backend API to handle GET, POST, and PATCH requests.
- Independently designed and completed the project from concept to production.

**Whats Cookin'**, Team Project | 30 Hours | <https://github.com/BrandonDoza/whats-cookin-p-s-d>

**Technologies Used:** Javascript, HTML, CSS, Mocha, Chai, Fetch, Lighthouse, Wave, Dalton

- Developed an accessible recipe search application using fundamental JavaScript principles.
- Integrated data from an external API to enhance functionality.
- Worked within a diverse team to design, develop, and problem-solve, ensuring user-friendliness and accessibility.

## PROFESSIONAL EXPERIENCE

---

**Fairway Independent Mortgage**, Loan Officer, Denver, CO 04/2019 - 08/2023

- Managed a portfolio of \$16 million in annual business, ensuring compliance with government regulations and fair lending practices.
- Enhanced customer experience through proactive communication and personalized support, resulting in increased client satisfaction and retention.

**Siren INC, DBA Motherloaded Tavern**, Operations Manager, Breckenridge, CO 02/2007 - 04/2019

- Led a dynamic team to consistently exceed revenue targets and ensure high employee satisfaction.
- Strategically managed operations to deliver exceptional guest service and achieve repeat customer rates.
